FOR IMMEDIATE DISTRIBUTION

EXTENWAY: EXTENWAY BEDSIDE TERMINAL WENT LIVE AT THE JEWISH REHABILITATION HOSPITAL

Montreal, October 4, 2010 – Extenway Solutions inc. (“Extenway”) (TSX Venture Exchange: EY) is pleased to announce that its solution went live at the Jewish Rehabilitation Hospital («JRH») of Laval. The Extenway system improves the JRH patients’ treatment experience by providing a Bedside Interactive Communication Portal to access Entertainment, Hospital Services and Educational Content related to their medical condition. In the coming months we will be introducing many new applications to automate and reduce the workload of the Hospital administration and staff.

Mr. John McAllister, President and CEO, stated, «We are really excited to see our solution going live in a first hospital and we continue to work in order to expend all the functionalities of our solution. Extenway believes that by providing our Smart Network in the hospital we are enabling the hospital management to both improve efficiency and increase patient satisfaction. Now with the JRH as a live model we believe this will accelerate the adoption of our solution as a standard in the hospital industry.»
